PURPOSE:

To support the adopted fire codes in Nevada, provide fire and life safety programs to the general public, and promote training among the Association members.

To facilitate cooperation and improve communication between Nevada's fire departments, state and municipal public safety agencies, and related businesses that adhere to fire and life safety mandates.

Fire Prevention Association of Nevada

PROGRAMS

www.FPANevada.org

Fireworks

The Association Fireworks Committee tests fireworks designated as “Safe and Sane” for performance compliance before sale in designated areas is permitted.

Public Education

Sesame Street:

Flagship fire-safety workshop for early childhood/pre-school caregivers & teachers. Sesame Street characters provide active, innovative themes to teach fire safety.

Community Programs:

Training and resources for community-sponsored public education programs inclusive of school fire-safety education and smoke-alarm installation.

Youth Firesetting Intervention

Regionalized programs throughout Nevada that provide risk assessment and education for youth and their families who have experienced firesetting issues.

Components include accountability, choices, consequences, fire-safety education, homework, and a network of resources and referrals.

MEMBERSHIP BENEFITS

Join the Fire Prevention Association of Nevada

Join a community of individuals dedicated to reducing fire loss and unintentional injuries. Take part in fire and life safety programs as well as educational instruction designed for a wide range of audiences.

- Continuing education credits
